

"We looked extensively at the products available and in our opinion, VisionCPM has best met our needs."

-Suzanne Buckwell, Air New Zealand

VisionCPM. The corporate real estate software Air New Zealand flies with.

When Air New Zealand needed to upgrade their property management software, they flew with VisionCPM from Vision Software.

"We looked extensively at the products available and in our opinion, VisionCPM has best met our needs. We manage hundreds of leases all over the world, and we can't afford to miss a critical date. VisionCPM ensures all our Lease Expiries and Rent Reviews are flagged for action, and the reporting is flexible and comprehensive. We believe that VisionCPM will meet our needs into the future."
